### *The Vineyard*

**Vineyard Sources:** Fox Run Vineyards Blocks 4, 8 & 11  
Block 4 – Established in 1989 with fertile, well-drained soil with sandy loam over lakeshore stones at an elevation of 660 ft.  
Block 8 – Established 1997 with clays and silts with shallow bedrock and glacial till at an elevation of 590 ft.  
Block 11 – Established 1998 with fertile, well-drained soil with sandy loam over lakeshore stones at an elevation of 660 ft.  
**Growing Conditions:** 2013 presented considerable challenges to Finger Lakes growers. Heavy rain throughout June and July slowed ripening and made vineyard access difficult. To everyone's delight, though, the rains stopped around mid August and we enjoyed seven weeks of the driest, warmest weather in memory.

Grapes were picked in the early morning to ensure that they arrived at the winery at a low temperature. The fruit was gently crushed and pressed. Fermentation was conducted at moderate temperatures using three different yeast strains. The wines were chilled just before reaching dryness to leave a small amount of residual sugar in the wine.

### *On The Palate*

We are extremely proud of this zesty aromatic dry Riesling. It is a classic example of the style of wine that has made the Finger Lakes world famous. Aromas of lime zest and wet rocks let the taster know that this is a serious Finger Lakes Riesling. In the mouth, this wine displays abundant citrus and tree fruit flavors and mouth-watering acidity.
